

Quantum Telecom iBurst

**Constantly on the move?
Relocating offices soon?
Do you work from multiple locations?**

iBurst wireless broadband is efficient, fast, reliable & mobile. If you work from multiple locations, are constantly on the move or are planning on relocating in the near future without having to make the commitment of a minimum term ADSL contract, iBurst is the answer for you. Quantum Telecom now offers all different speed connections & can supply all hardware to you directly.

With network coverage currently expanding & future network expansion also being planned, iBurst can very well be a more appropriate solution for all your office & personal use.

Free yourself from \$30+ line rental per month!

Call us today on **Ph: 1300 88 41 70** for coverage maps
